Dear Supervisors:

**2006-07 DEBT MANAGEMENT GUIDELINES; BOND ANTICIPATION NOTE  
 AUTHORIZATION AND REIMBURSEMENT RESOLUTION  
 (ALL DISTRICTS) (3-VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD:**

- 1) Approve the attached Debt Management Guidelines which limit the issuance of various debt financing instruments in 2006-07.
- 2) Approve the issuance of short-term Bond Anticipation Notes in an aggregate amount not to exceed \$70.0 million to finance the acquisition of various equipment needs through the Los Angeles County Capital Asset Leasing Corporation.
- 3) Approve the issuance of Tax-Exempt Commercial Paper in the amount of \$45.0 million to finance projected design and construction costs in 2006-07 for five Health Services statutorily required and high priority projects identified in our DHS Hospital Improvement Financing memorandum to your Board on January 23, 2006.
- 4) Adopt the attached "Resolution of the Board of Supervisors of the County of Los Angeles Declaring its Intention to Reimburse Certain Capital Expenditures from the Proceeds of Taxable or Tax-Exempt Obligations (2006-07 Equipment BANs Program)".

## **PURPOSE/JUSTIFICATION**

Approval of the recommended actions will establish guidelines that limit the issuance of County debt financing instruments in 2006-07 and allow the issuance of short-term Bond Anticipation Notes (BANs) to provide interim financing of equipment acquisitions in accordance with federal tax regulations and tax-exempt commercial paper (TECP) to provide interim financing of statutorily required or high priority health facility projects.

## **Background**

On July 3, 1990, the Board of Supervisors adopted Comprehensive Debt Management Guidelines (Guidelines) to regulate the use of various financing instruments. The Guidelines provide limits for the issuance of short and long-term obligations. They do not apply to voter-approved debt or debt incurred by Agency funds. The Guidelines are reviewed annually and an annual update is filed with the Board regarding the following types of obligations:

- Bond Anticipation Notes
- Short-Term Tax-Exempt Notes
- Long-Term Leasehold Revenue Bonds or Certificates of Participation
- Unrated Short and Long-Term Obligations

The limits adopted for each of these debt categories are expressed as a percentage of the Total County Budget and represent the maximum amount of short-term obligations such as the BANs or tax-exempt commercial paper which may be issued as well as the maximum level of annual debt service on intermediate and long-term obligations and bonds and certificates of participation (COPs) which may be incurred during the fiscal year.

In 1990, the Board of Supervisors approved a limit on the level of BANs issued and outstanding for capital projects and equipment equal to 2.0 percent of the Total County Budget. The Board also approved a limit on the annual payments due on intermediate and long-term bonds or COPs equal to 4.0 percent of the Total County Budget, and 0.4 percent for unrated, publicly offered obligations. The Board-approved 2003-04 Debt Guidelines reflected an increase in the limit on short-term BANs and tax-exempt commercial paper (TECP) to 2.7 percent due to the anticipated issuance of \$331.5 million in tax-exempt commercial paper (TECP) for the LAC+USC Medical Center Replacement Project ("the Replacement Project"), as approved by your Board on December 3, 2002. For the 2005-06 Debt Guidelines, your Board approved a reduction in the short-term debt limit to 2.4 percent due to growth in the total County budget and repayments of outstanding TECP from the 1997 BANs redemption.

During 2005-06, your Board approved the securitization of a portion of future tobacco settlement funds to repay all outstanding TECP issued for the Replacement Project. On February 8, 2006, the Treasurer-Tax Collector successfully completed the sale of tobacco securitization bonds and repaid \$267.6 million in outstanding Replacement Project TECP. In May, your Board approved the issuance of \$2.5 million in TECP for the Harbor Seismic Retrofit projects to fund additional project costs. The General Fund's annual, tax-exempt, tax and revenue anticipation notes were limited to the maximum amount borrowable under federal tax regulations.

### **Proposed 2006-07 Debt Management Guidelines**

The Proposed 2006-07 Debt Guidelines place a limit on short-term BANs and tax-exempt commercial paper at 0.6 percent of the Total County Budget and maintain the limits on annual payments as a share of Total County Budget at 4.0 percent for intermediate and long-term bonds or COPs, and at 0.4 percent for unrated publicly offered obligations.

The recommended short-term debt limit for 2006-07 reflects a significant reduction from the 2005-06 limit due to the redemption of Replacement Project TECP and \$9.8 million TECP that remained outstanding on the 1997 BANs. We anticipate needing a maximum TECP authorization of \$45.0 million in 2006-07 to finance expenditures for capital projects transferred to the Health Facilities Capital Improvement Fund (HFCIF) by your Board on April 11, 2006. We will return periodically to your Board to request adjustments to the appropriation levels of these TECP-funded projects as needed. See Table 1 below for the breakdown of TECP authorization by project.

**Table 1**

<b>Hospital</b>	<b>Project (Capital Project Org.)</b>	<b>2006-07 TECP Authorization</b>
Harbor/UCLA	Surgery/Emergency Room Project (C.P. 69220)	\$15.0 million
High Desert	Multipurpose Ambulatory Care Center Conversion (C.P. 77350)	7.0 million
Olive View	SB1953 Seismic Retrofit Program (C.P. 86537)	8.0 million
Harbor/UCLA	SB1953 Seismic Retrofit Program (C.P. 86534)	5.0 million
Rancho Los Amigos	SB1953 Seismic Retrofit Program (C.P. 86536)	5.0 million
<b>Subtotal</b>		<b>\$40.0 million</b>
	Contingency	5.0 million
<b>Total</b>		<b>\$45.0 million</b>

The recommended limits on annual payments for intermediate and long-term bonds or COPs are consistent with the Guidelines adopted in 1990. The debt and annual payment obligations projected for 2006-07 are specified in Attachment I.

## **Reimbursement Resolution**

In addition to adopting the proposed debt limits, we are requesting that your Board execute the attached Reimbursement Resolution, as approved by County Counsel, to comply with federal tax regulations governing the recovery of County capital costs from taxable and tax-exempt bond proceeds. Execution of the Resolution will enable the County to maximize reimbursement for costs related to the financing of equipment for various County departments.

### *Internal Revenue Service Requirements*

In 1991, the Internal Revenue Service (IRS) introduced regulations governing the reimbursement of expenditures from bond or COP proceeds. In order to ensure the continued recovery of allowable expenditures which were related to equipment acquisitions, the regulations require your Board to adopt a Resolution which states the following:

- your Board's intention to finance expenditures related to equipment acquisitions;
- a statement that any such expenditures would be financed through a tax-exempt or taxable issuance of bonds or COPs;
- a qualitative description of the proposed project whose expenditures would be reimbursed from the proceeds of such an issue; and
- identification of the expected source(s) of funds which would initially pay for such expenditures and ultimately be utilized to repay the bond or COP obligation.

The attached Resolution meets IRS regulations and will allow for maximum reimbursement of County expenditures for equipment from future bond sales. Prior and current year costs have been included to allow reimbursement from a future bond sale. A description of the proposed equipment is attached for your review.

## **FISCAL IMPACT / FINANCING**

Approval of the recommended actions will enable the County to finance ongoing equipment and capital needs. Funding for the repayment of BANs and debt service on intermediate and long-term obligations has been included in the Proposed 2006-07 Budget. Attachment II summarizes General County debt obligations as of July 1, 2006.
